

## THE GRAIN MARKET

(By Ichter and Watson)

Following the severest drops in the history of the grain trades, farmers are refusing to sell their crops but are holding the grain for better prices. December wheat has declined \$1.01 from the high point in July when the trading in futures started. Cash prices are off \$1.55. Great Britain has withdrawn from the grain market owing to the low exchange on sterling but there is still a considerable demand for Gulf export.

## TO ADD NEW BLEACHERS

Committee Decides to Erect More Seats on Rollins Field.

Definite steps will be taken to enlarge the seating capacity of Rollins Field for the Missouri-Kansas football game on Thanksgiving Day. The decision was reached last night at a meeting of the committee on inter-collegiate athletics.

The plan includes two new sections added to the east end of the bleachers on the north side. There will also be constructed on the west end of the field new bleachers which will hold between 1000 and 1200 people. This section will be reserved to meet the demand for reserved seats now coming in.

The basketball seats from Rothwell Gymnasium will be erected on the east side of the field, but these seats are not on reserve.

## The Home of Herman's

THE gap between so-called "stylish" shoe shapes and the graceful, real shapeliness of Herman's U. S. Army Shoe is purely imaginary. It doesn't exist.

Put a properly-fitting Herman Shoe onto your foot. Note how the famous Munson shape supports it yet gives freedom to the entire part—then say if you can call such a shoe anything but "shapely!"

Returning soldiers, acquainted now with the supreme comfort of Munson-shaped shoes (their official service footwear) choose Herman Shoes for their civilian wear.

You enjoy your feet, if they're in Herman's.
